

ECS Project Updates

Enterprise Connectivity Solutions (ECS) Sub-Project Updates

Connect. Collaborate. Accelerate.

OPEN
Compute
Project®

Goals

- Focus on Enterprise Adoption
- Ready to deploy, end-to-end OCP connectivity solutions package
- Develop best practice solutions in connectivity
- Collaboration Across Communities - both inside OCP and external
- Foster ecosystem of partners (system integrators), suppliers (ODMs/OEMs) + independent software vendors (ISVs), and adopters (enterprise)
- Supporting the contributions of Whitepapers, Case Studies, Deployment Plans

Post Summit Recap

- Joint collaboration with Telco-Edge subproject – overlap in efforts
- Engaging with enterprise partners – real adopters of OCP today that have a stake in transforming connectivity solutions
- Creation of Community Spec: OCP Gigabit Access Switch for Enterprise – joint effort to define a blueprint for the ever-present 1G enterprise access switch

Thank you!
