Some Changes at OCP

- Some Changes in effect now
  - New Interim Template for Hardware Specifications
  - Checklists for OCP Accepted™ and OCP Inspired™ Product Recognition
- Coming Soon (2H)
  - Updated OCP Contribution Process to accommodate defacto standards/base specs
  - Updated Template for HW Specs to address the above, Template for SW Specs and for Documents (White Papers/Requirements Docs/Reference Designs/Blueprints etc).
  - OCP Ready™ Self Assessment for Modular Data Centers

As you attend these Tech Talks.....

- Get involved. Network, introduce yourselves to us, to each other.

- Be vocal. Membership is not required to participate!

- Attend as many of these talks as you can or listen to them afterwards! Cross-collaborate ideas and socialize your perspectives.

- Identify gaps – if a topic is not being covered in OCP and is relevant, bring it forward to a Volunteer Leader for consideration.

- Share your thoughts and ideas – we are always looking for new concepts, working with other communities/orgs, new markets.

- Ways to improve our community – we are open to suggestions and feedback. Let's get better together.
