NON-BOARD OCP REVENUE TO TOP $11B IN 2023

- IT infrastructure [servers, switches, storage] top categories for revenue

- Racks & power need DC building changes & getting denser, resulting in slower growth

- Other [PON and cell site gateway] challengers out to 2023
  - PON remains in POCs
  - Cell site gateway with strong software ecosystem poised for growth

- Other [co-processors] emerging category will be impactful by 2023

OCP PRODUCT RECOGNITION PROGRAM

Submit your products for recognition if:
- You are building a product based on an OCP approved spec
- You are submitting your spec as a contribution and are also submitting your product for recognition.

Once your product receives the cert mark you can:
- Use the cert mark on your product collateral
- Use the cert mark on your website
- Use the cert mark as a differentiator on RFPs/RFQs/RFIs
- Become an OCP Solution Provider to use the OCP Marketplace as an additional channel

Annual Cost for OCP Solution Provider Program: $4,000 USD
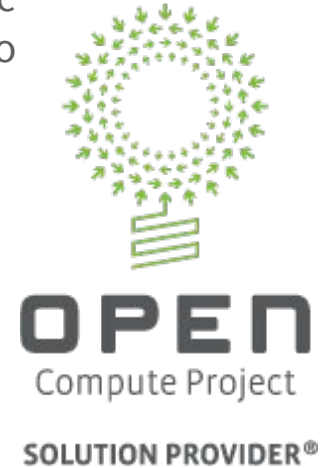

OCP PRODUCT RECOGNITION PROGRAM

PRODUCTS VALIDATED BY OCP CARRY THE OCP MARK

OCP ACCEPTED™

Products that comply 100% with an existing approved specification, the <u>design files are open sourced</u>, and are available to public. All levels are eligible.

OCP INSPIRED™

Products that comply 100% with an existing approved specification and are available to the public. OCP Silver, Gold or Platinum Members are eligible.

For Adopters
   Are they truly open?
   Look for the OCP Cert Marks
   Include them in your RFP

For Suppliers
